

**DATAGROUP**

# German speaking SAP Application Consultant (f/m/d)

DGES-2833

**DATAGROUP in Budapest, Debrecen oder Székesfehérvár**

DATAGROUP ist einer der führenden deutschen IT-Dienstleister – dank unseres engagierten Teams. Mit Begeisterung für Technologien und Innovationen bieten wir unseren Kunden verlässliche IT-Services. Gemeinsam mit Ihnen wollen wir weiter wachsen und Innovationen vorantreiben. Wir bieten Ihnen ein spannendes und herausforderndes Aufgabengebiet in einem innovativen Unternehmen. Mit einer offenen Unternehmenskultur, individuellen Weiterbildungsmöglichkeiten und einer Vielzahl an Entwicklungsmöglichkeiten bieten wir Ihnen den Arbeitsplatz, der zu Ihnen und Ihrem Leben passt.

## AUFGABEN

- You will be responsible to deliver SAP Application Management Service for a SAP ERP System together with a team of SAP Specialists to our customer.
- The SAP ERP System is hosted in a private cloud.
- The Service will be SLA based and will include:
  - Incident and Problem Management
  - Change Management
  - Technical and Business Consultancy to the customer
  - Project Contribution include Projekt Management and Coordination
- As Application Owner you will work in close cooperation with the customer and lead the Change Advisory Boards (CAB) for the Changes SAP ERP team is implementing.
- Besides you will be leading problem resolution in multi vendor teams and be involved in delivery escalations.

## SKILLS

Your skill set is a good match if you have at least 10-15 years of experience in supporting and implementing SAP ERP Systems.

You have experience in leading a team and excellent communication skills to even lead difficult discussions with the customer.

**The candidate business experience should include very broad skills in the SAP ERP area in particular the following technical skills:**

- SAP Portal
- Experience in SAP Access Management
- SAP Solution Manager (Charm)
- Profound background in ABAP development (Reading and designing ABAP developments)
- Good understanding of all ERP Modules (SAP Real Estate, Basic Data in HCM)
- Interface Technologies like IDOC, RFC.
- Nice to have:
  - Business Background from Financial Industries (Insurances)
  - Experience in S/4HANA
- Very good German language skills
- Able to lead a small team
- Willingness to travel
