Well-Positioned for the Future

Andreas Baresel
Chief Executive Officer

Andreas Baresel has been the CEO of DATAGROUP SE since March 2022. Before, he was a member of the Management Board since October 2018. He is responsible for the Production department. In this role, he oversees the cross-divisional management and coordination of the central supply units within the group.

Following his studies in business administration, Andreas Baresel worked in several management positions with a focus on business and portfolio development in IT consulting and managed IT services.

Andreas Baresel joined the company in 2012 in connection with the acquisition of DATAGROUP Business Solutions GmbH (previously Consinto GmbH).

Mark Schäfer
Chief Officer Production

Mark Schäfer has been Chief Officer Production since May 2024 and is responsible for the delivery and operation of IT Services as well as for central IT Governance, Risk & Compliance Management.

Mark Schäfer has over 25 years of experience in the Managed Service Provider business in different responsibilities, also at T-Systems International amongst others. He joined the company in 2019, was Chief Information Security Officer and took responsibility of the internal IT Services.

Mark Schäfer graduated in electrical engineering (Dipl. Ingenieur Elektrotechnik (Univ)) at the FAU Erlangen-Nuremberg in 1990 and studied at the INSEAD Business School, at the IMD in Lausanne and the Cardiff University Prifysgol Caerdydd.

Niels Ackermann
Chief Financial Officer

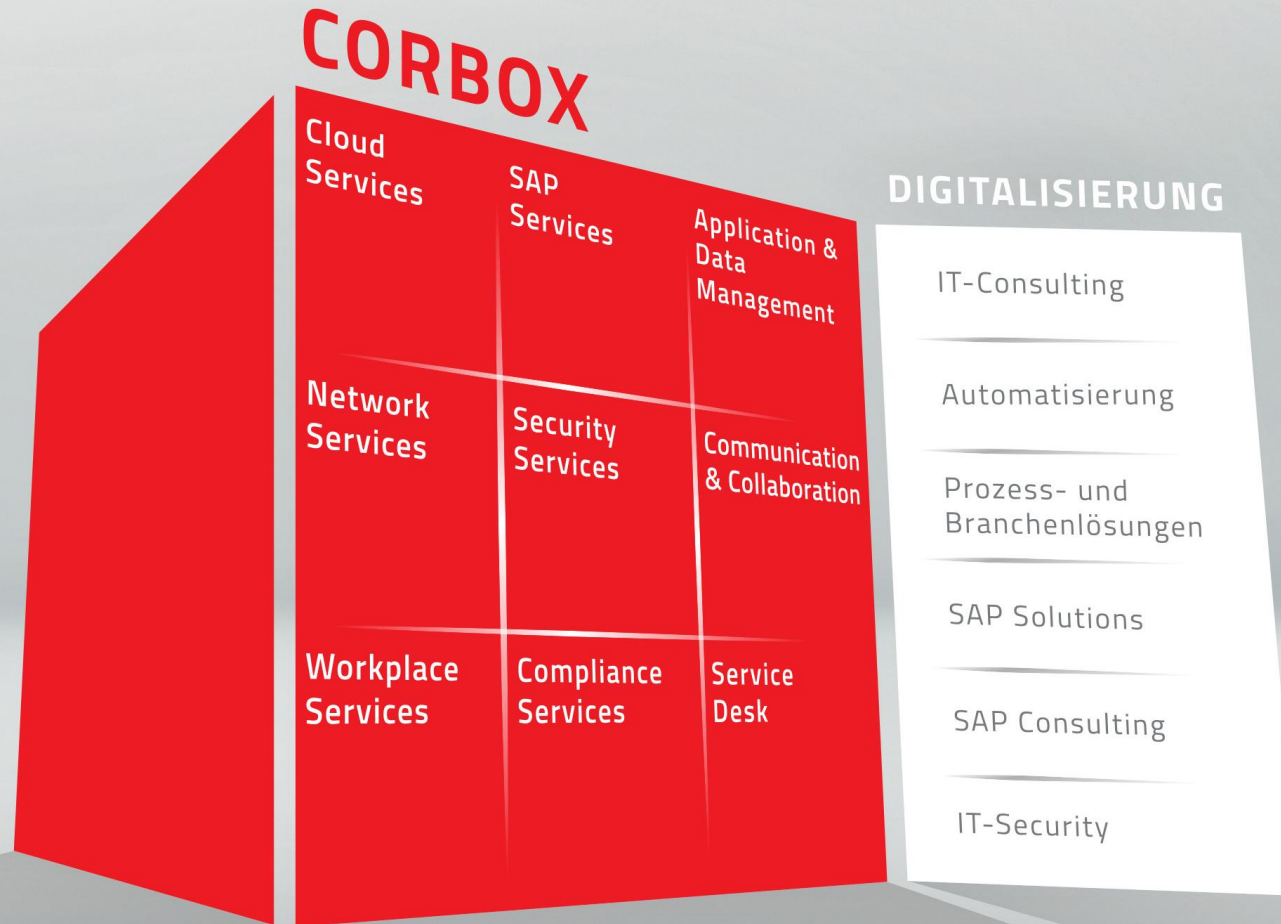

Niels Ackermann has served as CFO of DATAGROUP SE since June 1, 2026. He has more than 25 years of international leadership and management experience in CFO and CEO roles, with a focus on finance, M&A, and the development of private-equity-backed organizations and buy-and-build strategies.

Prior to joining DATAGROUP, Ackermann held leadership roles at European healthcare providers, in the pharmaceutical industry, and at medium-sized industrial companies. He also brings investment banking experience from Goldman Sachs and Morgan Stanley, as well as extensive expertise in capital market transactions and M&A processes.
